

## The #1 floor marking decal for manufacturing & warehouses.

The world's best solution for communicating important messages to employees and customers Indoors or outdoors. Floor marking lays the foundation for the 'set in order' stage of 5S, as you start from the floor and work your way up organizing your facility. If you demand superior safety identification, revolutionary Concrete Graphics floor and wall decals will surpass your expectations.

## Welcome to the industrial floor marking graphic revolution.

Concrete Graphics decals are easy to install by your staff – no special preparation or over lamination required. Simply sweep, peel and stick for immediate use.

Decals adhere to sealed and unsealed concrete, asphalt, brick, and other surfaces and are easy to remove without leaving any messy residue. With no PVC or hazardous ingredients, they can be disposed of with aluminum recycling.

Custom messages, shapes, or symbol can be created at no additional cost.

## Concrete Graphics indoor & outdoor industrial floor graphics are perfect for...

Most manufacturing, warehouse and production facilities. They are the ideal medium for cost effective floor graphics with a R12 slip resistance rating (out of a maximum R13 rating). Every sign can be different and personalized at no extra cost. Concrete Graphics are so highly visible because they stand out.

- ▶ *Unique non-slip surface has passed and excelled at the CSIRO's slip performance test.*
- ▶ *As a non-slip safety first product Concrete Graphics is in a league of its own.*
- ▶ *Flexible as it can be used on concrete, asphalt or brick surfaces – any shape or size you need.*
- ▶ *Clean and green! Concrete Graphics is environmentally friendly and fully recyclable.*
- ▶ *Concrete Graphics is easy to remove and stays in one piece and when removed it leaves no residue.*

Ideal for indoor and outdoor applications – durable for use with heavy pedestrian and vehicular traffic. Concrete Graphics safety and warning signs cope with the harshest conditions and still get the job done.
